THE VOTE TAKEN WITHOUT RESULT AT THE CONVENTION

Champ Clark Finally Captures Majority of the Delegates But is Still 170 Votes Short of Winning the Nomination

WILSON CONTINGENT WON'T YIELD AN INCH

Persistent Claims That Final Break Will Favor New Jersey's Governor—New York Shifts From Harmon to Clark on Tenth Ballot But Fails to Stampede Convention in Speaker's Favor—Demonstrations by Both Clark and Wilson Enthusiasts Follow—Majority of Kansas Delegation Favors Wilson But Under Unit Rule Entire Delegation is Compelled to Support Clark—Bryan Favored With One Vote on Nearly Every Ballot—Convention Adjourned at Early Hour This Morning Until This Afternoon—Votes For Kern and Gaynor.

Baltimore, June 28.—A sensational break in the New York delegation gave that state's 30 votes to Champ Clark on the tenth ballot in the democratic national convention this (Saturday) morning, carried the speaker to a total of 346 out of the 1,088 delegates, but still left him 170 votes short of a choice. The full result of the second ballot was:

Clark, 446 1-2; Wilson, 338 3-4; Underwood, 111 1-2; Harmon, 141; Marshall, 21; Baldwin, 21; Sulzer, 2; Bryan, 2; not voting 1-2. Compared with the first ballot this was a gain of 6-3 for Clark, a gain of 15-3-4 for Wilson, a loss of 5-1-4 for Underwood; a loss of 7 for Harmon; a gain of one for Bryan; a loss of 8 for Marshall.

Former Governor Francis of Missouri had taken the place of Chairman Olla James before the second ballot results were announced. "There being no candidate who received two thirds of the votes," he announced, "the clerk will again call the roll."

State after state was called without change from the second ballot until Maine was reached. Here the two votes that had gone to Underwood on the first and second ballots, went to Wilson, dividing the state delegation, Wilson 11, Clark 1.

New Jersey's two "floating votes" were given to Clark by William Sulzer on the second ballot, went back to Underwood on the third ballot. The Ohio vote, on the third ballot, was divided, Clark 1, Underwood 1. A poll of the delegates resulted in a gain of two for Wilson; a loss of one for Harmon; and the loss of two votes that had been cast for Clark on the second roll call but it was the Ohio vote again that made it impossible for any candidate to get the necessary two thirds vote on the third ballot.

Wilson Gains on Third Ballot. The total results were: Clark, 445; Wilson, 346; Underwood, 114 1-2; Harmon, 140 1-2; Marshall, 21; Baldwin, 21; Bryan, 2; Kern, 1; Gaynor, 1; not voting 1-2. Wilson's gain of 3-1-4; Harmon lost 1-2 votes. "There being no choice," said Acting Chairman Francis, "the secretary will again call the roll for the fourth ballot."

Chairman James took the gavel again and the fourth roll call started at 6:04 p. m. The big crowd pressing close to the votes cast.

The Fourth Ballot. The first change came in the Louisiana vote, where Wilson gained one vote, while Underwood lost one. Underwood gained two votes on the second roll call but it was the Ohio vote again that made it impossible for any candidate to get the necessary two thirds vote on the third ballot.

Wilson Gains on Third Ballot. The total results were: Clark, 445; Wilson, 346; Underwood, 114 1-2; Harmon, 140 1-2; Marshall, 21; Baldwin, 21; Bryan, 2; Kern, 1; Gaynor, 1; not voting 1-2. Wilson's gain of 3-1-4; Harmon lost 1-2 votes. "There being no choice," said Acting Chairman Francis, "the secretary will again call the roll for the fourth ballot."
